

GPipeline::resume

```
graph LR; A[GPipeline::resume] --> B[GElementRepository::pushAllState]
```

A diagram showing a call from GPipeline::resume to GElementRepository::pushAllState. The first box, GPipeline::resume, is shaded gray and has a black border. A blue arrow points from its right side to the left side of the second box, GElementRepository::pushAllState, which is white with a black border. The text in the second box is split across two lines.

GElementRepository
::pushAllState
